

## DIRECTOR OF IT

### POSITION DESCRIPTION

uSamp is seeking a Director of IT with extensive datacenter experience hosting web application(s) and/or SaaS platform(s). This role requires strong hands-on technical expertise and will be critical to building our next generation service offering. This individual will be responsible for setting the vision and operating philosophy of the department and ensure proper execution.

### REQUIREMENTS:

- 10+ years hand-on experience (production datacenters and corporate infrastructure)
- 3+ years of management experience
- Working knowledge of EC2 and RightScale
- Expert knowledge of Linux / Apache
- Enterprise monitoring with Nagios, OpenView, SCOM, MOM, Splunk or equivalent
- In-depth understanding of Windows/Active Directory administration
- Strong understanding of security principals
- 24x7 production datacenter support
- World-wide / multi-office corporate infrastructure support

### ABOUT uSAMP™

uSamp™ (www.uSamp.com), formerly United Sample Inc., is one of the world's fastest growing online panel companies, providing survey panelists and technology for use in market research. Founded in 2008, uSamp has 90 team members worldwide and more than 1.8 million global market research panelists. The company's web-based panel platform is transforming the management and delivery of online panel for market researchers, offering unprecedented access over their panel.
